Notes to Condensed Consolidated Interim Financial Statements

(CDN 000s, except per share data)

1. Description of Business

Pason Systems Inc. ("Pason" or the "Company") is a leading global provider of instrumentation and data management systems for oil and gas drilling. Through Intelligent Wellhead Systems ("IWS"), Pason also provides engineered controls, data acquisition, and software solutions for oil and gas completions operations. Through Energy Toolbase ("ETB"), the Company also provides products and services for the solar power and energy storage industry.

The Company headquarters are located at 6130 Third Street SE, Calgary, Alberta, Canada. The Company is a publicly traded company listed on the Toronto Stock Exchange under the symbol PSI. The Condensed Consolidated Interim Financial Statements of the Company are comprised of the Company and its subsidiaries (together referred to as the "Group" and individually as "Group entities"). The accompanying Condensed Consolidated Interim Financial Statements include the accounts of Pason Systems Inc., its wholly owned subsidiaries, and ETB.

2. Basis of Preparation

Statement of compliance

These unaudited Condensed Consolidated Interim Financial Statements have been prepared in accordance with the requirements of International Accounting Standard ("IAS") 34, Interim Financial Reporting and include the accounts of Pason and its wholly owned subsidiaries. All significant intercompany balances and transactions including revenue and expenses have been eliminated. These unaudited Condensed Consolidated Interim Financial Statements do not include all of the information required for full annual financial statements and should be read in conjunction with the consolidated financial statements of the Company as at and for the year ended December 31, 2023.

These Condensed Consolidated Interim Financial Statements are presented in Canadian dollars, which is the Company's functional currency. All financial information presented in Canadian dollars has been rounded to the nearest thousand except for per share amounts.

Change in Presentation for Statements of Operations

Beginning in the first quarter of 2024, Pason has adjusted its Condensed Consolidated Interim Statements of Operations presentation to include operating expense and selling, general and administrative expense categories. With recent changes in the business, particularly the IWS Acquisition on January 1, 2024, management believes this change more accurately reflects costs incurred of each nature, and will result in the Company's financial statements providing reliable and more relevant information about the effects of transactions, other events or conditions on the entity's financial position, financial performance or cash flows. In accordance with IAS 8: Accounting Policies, Changes in Accounting Estimates and Errors, the Company's prior period Statements of Operations have been adjusted to reflect this change in presentation.

The effects on Pason's prior year Statement of Operations for the three and six months ended June 30, 2023 are as follows:

- Previously reported rental services of \$29,333 for the three months ended June 30, 2023 now includes \$1,439 of expenses deemed to be operating in nature and are now referred to as Operating expenses. Previously reported rental services of \$58,588 for the six months ended June 30, 2023 now includes \$2,792 of expenses deemed to be operating in nature.

- Previously reported corporate services of \$4,033 and local administration of \$3,450 for the three months ended June 30, 2023, less \$1,439 in expenses deemed to be operating in nature, are now combined and referred to as Selling, general, and administrative expenses. Previously reported corporate services of \$8,180 and local administration of \$6,821 for the six months ended June 30, 2023, less \$2,792 in expenses deemed to be operating in nature, are now combined.

In addition, beginning in the first quarter of 2024, the Company is no longer reporting a disaggregation of revenue by product category, and now presents an aggregated revenue amount for each business unit. This new presentation aligns more closely with management's assessment of business unit performance and how the Company's customer contracts are structured.

3. Accounting Policies

The selection and application of material accounting policies have been deemed appropriate. The Company's material accounting policies and their method of application have been applied on a basis consistent with that of the audited financial statements as at and for the year ended December 31, 2023.

Adoption of new amended accounting standards:

The Company has adopted the amendments to IAS 1, Presentation of Financial Statements, related to the classification of liabilities as current and non-current, as of January 1, 2024. These amendments have been deemed to have no impact on the Company's financial statements or disclosures.

The Company has identified all new or amended accounting standards applicable in the current period and has adopted the new or amended standards in accordance with the applicable transitional guidance.

Future Accounting Standards:

The Company monitors for new accounting standards and amendments to existing accounting standards issued by the IASB. To date, such developments are concluded to either not be applicable or concluded to not have a future material impact on the Company's financial reporting.

4. Business Combination

On December 5, 2023, Pason announced the exercise of a call option to purchase the remaining and outstanding shares of IWS not held by Pason for a total cash outflow of \$88,241 (the "IWS Acquisition"), which was comprised of \$77,787 paid in cash at close, and \$10,454 paid subsequent to closing for the settlement of outstanding stock options held by IWS employees. The IWS Acquisition closed on January 1, 2024 and resulted in Pason obtaining control over IWS, rendering it a wholly-owned, consolidated subsidiary. The Company previously accounted for its investment in IWS as an equity investment.

IWS is an oil and gas technology and service company that provides engineered controls, data acquisition and software to automate workflows and processes at live well completions operations of the oil and gas industry. IWS has over 150 employees, with offices in Calgary, Alberta, Houston, Texas, Midland, Texas and Denver, Colorado.

IWS' financial results will be presented within a newly formed Completions operating segment for the Company. From January 1, 2024 to June 30, 2024, IWS contributed revenues of \$26,451 and gross profit of \$2,597 to the Company. For further details, refer to Note 13 of these Condensed Consolidated Interim Financial Statements.

The following table summarizes the consideration transferred to acquire IWS and the amounts of identified assets acquired and liabilities assumed at the acquisition date. Note the values herein are preliminary while management completes its assessment of the acquired assets and liabilities of

IWS. The Company has 365 days following the close of the IWS Acquisition to finalize the purchase price allocation presented below:

Allocation of Total Consideration	
	(\$)
Current assets	15,491
Property, plant, and equipment	35,669
Intangible assets	52,495
Deferred tax assets	4,200
Right of use asset	3,482
Goodwill	122,080
Total assets	233,417
Current liabilities	(8,360)
Lease liability	(3,482)
Stock-based compensation liability	(10,454)
Preferred share obligation due to Pason	(25,244)
Deferred tax liability on intangibles acquired	(12,336)
Other long-term debt	(13,179)
Total liabilities	(73,055)
Net assets acquired	160,362
Fair value of Total Consideration	
	(\$)
Cash paid at closing	77,787
Fair value of previously held equity interest	82,575
Fair value of Total Consideration	160,362

As a result of the Company obtaining control over IWS effective January 1, 2024, the Company's previously held interest in IWS was remeasured to fair value, resulting in a gain of \$50,830 as a result of the derecognition of the \$31,745 carrying value of Pason's previously held equity investment associated with IWS. This gain has been recognized in the line item "Other income" on the Condensed Consolidated Interim Statements of Operations, and is also added back as a non-cash adjustment to the Company's Cash Flow from Operations for the six months ended June 30, 2024.

The fair value of the previously held equity interest of \$82,575 in IWS was estimated by applying the per share exercise price of Pason's call option to acquire all remaining outstanding common shares of IWS to Pason's existing common share investment.

The goodwill recognized as part of the IWS Acquisition is attributable to the workforce of the acquired business and the growth opportunities associated with the Company's acquisition of IWS. The goodwill is not deductible for tax purposes, and all of the \$122,080 of goodwill was assigned to Pason's Completions segment. In connection with the IWS Acquisition, Pason incurred \$400 in transaction costs, of which \$31 was incurred in the six months ended June 30, 2024. These costs are recorded within Other (income) expenses on the Condensed Consolidated Interim Statements of Operations.

5. Cash and Cash Equivalents

As at	June 30, 2024	December 31, 2023
	(\$)	(\$)
Cash	51,752	74,949
Cash equivalents	15,059	96,824
Cash and cash equivalents	66,811	171,773

As at June 30, 2024, the Company's cash equivalents are invested in 1-25 day money market funds with interest rates averaging 4.2%.

6. Short-Term Investments

As at	June 30, 2024	December 31, 2023
	(\$)	(\$)
Short-term investments	4,402	—

In the first quarter of 2024, the Company invested in US Dollar denominated Central Bank of the Argentine Republic's (BCRA) Bond for the Recovery of a Free Argentina (BOPREAL) program. These bonds are classified as short-term investments within the Condensed Consolidated Interim Balance Sheets with gains and losses due to foreign exchange revaluation recognized in other comprehensive income.

7. Seasonality

Pason's quarterly financial results vary quarter to quarter due in part to the seasonality of the oil and gas service industry in Canada, which is somewhat offset by the less seasonal nature of US and International operations. The first quarter is generally the strongest quarter for the Company due to strong activity in Canada, where location access is best during the winter. The second quarter is typically the slowest due to spring break-up in Canada, when many areas are not accessible due to ground conditions, and, which, do not permit the movement of heavy equipment. Activity generally increases in the third quarter, depending on the year, as ground conditions often improve and location access becomes available; however, a rainy summer can have a significant adverse effect on drilling activity.

By the fourth quarter, access to most areas in Canada becomes available when the ground freezes. Consequently, the performance of the Company may not be comparable quarter to consecutive quarter, but should be considered on the basis of results for the whole year, or by comparing results in a quarter with results in the corresponding quarter for the previous year.

8. Investments

As at June 30, 2024, the Company's Investments balance pertains to the Company's 50% interest in Rawabi Pason Company ("Rawabi JV"). Rawabi JV is a provider of specialized data management systems for drilling rigs in the Kingdom of Saudi Arabia. As at December 31, 2023, the Company's Investments balance also included the Company's non-controlling interest in IWS.

During the first quarter of 2024, Pason completed its acquisition of the remaining outstanding common shares of IWS not previously held by Pason. As such, effective January 1, 2024, the Company no longer equity accounts for its investment in IWS and now fully consolidates it as a wholly-owned subsidiary. Refer to note 4 for further details.

9. Obligation Under Put Option

The put obligation is a contractual obligation whereby the non-controlling shareholders of ETB have a put option to exercise for cash their 20% shareholdings of ETB starting in 2023 with reference to the fair value of ETB shares at the date the put option can be exercised. This put option gives rise to a financial liability and is calculated using a discounted cash flow model of the estimated future cash flows of the obligation.

10. Credit Facilities

As at June 30, 2024, the Company does not have any interest bearing debt outstanding, consistent with December 31, 2023. In connection with the IWS Acquisition effective January 1, 2024, Pason assumed outstanding debt on credit facilities and term loans held by IWS. In the first quarter of 2024, all assumed IWS outstanding debt balances were repaid and only one IWS credit facility remains in place: the ABL facility described below.

As at June 30, 2024, the Company has the following undrawn credit facilities in place:

Demand Facility

The Company has an undrawn \$5,000 demand revolving credit facility (the "Demand Facility"), which is unchanged from December 31, 2023.

Interest on the Demand Facility is payable monthly on amounts drawn and is based on either the lender's prime rate, US Base rate loans, Bankers' Acceptance rates, plus applicable margins. The Demand Facility is available to the Company for working capital purposes, and amounts drawn against it are recorded as long-term debt. The Company can repay, without penalty, advances under the facility. The Demand Facility is secured by a general security agreement on the assets of the Company, Pason Systems Corp., and Pason Systems USA Corp.

ABL Facility

The Company also has an undrawn asset based lending facility which was assumed through the IWS Acquisition (the "ABL Facility"). The ABL Facility allows the Company to borrow up to the lesser of \$10,000, and a calculated amount based on eligible accounts receivable and cash outstanding at each reporting period. As at June 30, 2024, the available balance on the ABL Facility is \$10,000.

Interest on the ABL Facility is payable monthly on amounts drawn and is based on the lender's prime rate plus applicable margins. The ABL Facility is available to the Company for working capital purposes, and amounts drawn against it are recorded as long-term debt. The Company can repay, without penalty, advances under the facility. The ABL facility is secured by a general security agreement on the assets of Intelligent Wellhead Systems Inc., Intelligent Wellhead Systems Corp and IWS USA Corp.

(1) The Completions segment includes results generated by IWS, which were not part of the Company's consolidated reporting group until January 1, 2024 following the IWS Acquisition, as detailed in Note 4 of these Condensed Consolidated Interim Financial Statements

(2) Prior period figures have been restated to conform with current period presentation of financial information, as detailed in Note 2 of these Condensed Consolidated Interim Financial Statements

14. Other Income

	Three Months Ended June 30,		Six Months Ended June 30,	
	2024	2023	2024	2023
	(\$)	(\$)	(\$)	(\$)
Gain on previously held equity interest	—	—	(50,830)	—

Net monetary gain	—	(1,196)	—	(1,355)
Total other income	(973)	(3,109)	(51,686)	(6,187)

Gain on previously held equity interest results from the Company obtaining control over IWS effective January 1, 2024 where the Company's previously held equity investment associated with IWS was remeasured to fair value, resulting in a gain of \$50,830 on the derecognition of the \$31,745 carrying value of this investment. Further information is outlined in Note 4 of these Condensed Consolidated Interim Financial Statements.

Net interest income is primarily comprised of interest generated from the Company's invested cash and cash equivalents and will fluctuate as available yields fluctuate.

Other expenses include transaction costs incurred on the common share acquisition of IWS, as well as legal expenses incurred in connection with the Company's ongoing intellectual property litigation as disclosed in Note 16 of these Condensed Consolidated Interim Financial Statements.

The equity investment income results from the Company using the equity method of accounting to account for its investment in the Pason-Rawabi joint venture, and previously Intelligent Wellhead Systems prior to its consolidation as a wholly-owned subsidiary in the first quarter of 2024.

15. Income Per Share

Basic income per share

The calculation of basic income per share is based on the following weighted average number of common shares:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2024	2023	2024	2023
	(#)	(#)	(#)	(#)
Issued common shares outstanding, beginning	79,493,854	80,793,793	79,685,025	81,526,954
Effect of NCIB and exercised options	77,276	(303,874)	(112,983)	(629,378)
Weighted average number of common shares (basic)	79,571,130	80,489,919	79,572,042	80,897,576

Diluted income per share

The calculation of diluted income per share is based on a weighted average number of common shares outstanding after adjustment for the effects of all potential dilutive common shares calculated as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2024	2023	2024	2023
	(#)	(#)	(#)	(#)
Weighted average number of common shares (basic)	79,571,130	80,489,919	79,572,042	80,897,576
Effect of share options	866,704	189,695	797,405	262,791
Weighted average number of common shares (diluted)	80,437,834	80,679,614	80,369,447	81,160,367

For the three month period ended June 30, 2024, no anti-dilutive (second quarter of 2023 - 1,626,064) options are excluded from the above calculation. The average market value of the Company's shares for purposes of calculating the dilutive effect of share options was based on quoted market prices during the period.

16. Commitments & Contingencies

The Company is involved in litigation and disputes arising in the normal course of business. Management regularly evaluates the likelihood of potential liabilities being incurred and the amounts of such liabilities after careful examination of available information and discussions with its legal advisors.

In May of 2023, a competitor filed a patent infringement lawsuit against IWS in the District of Colorado alleging IWS' infringement of two patents relating to certain aspects of continuous hydraulic fracturing. Given the stage of the lawsuit, management is not currently able to estimate the extent of potential costs and losses related to this claim, if any. Consequently, no provision has been recorded in the Company's Condensed Consolidated Interim Financial Statements related to this litigation. The Company does not currently believe the outcome of any pending or threatened proceedings related to this patent litigation is probable to result in IWS being required to pay any amounts which would have a material adverse impact on its financial position, results of operations, or liquidity.

17. Approval of Financial Statements

These unaudited Condensed Consolidated Interim Financial Statements were approved by the Board of Directors on August 7, 2024.

18. Events After the Reporting Period

On August 7, 2024, the Company declared a quarterly dividend of \$0.13 per share on the Company's common shares. The dividend will be paid on September 27, 2024 to shareholders of record at the close of business on September 13, 2024.
