Forward-Looking Statements

This presentation contains “forward-looking statements” and/or “forward-looking information” under applicable securities laws (collectively referred to as “**forward-looking statements**”). All statements other than statements of historical facts contained in this presentation, including statements regarding Pason System Inc.’s (“Pason” or the “Company”) future results of operations and financial position, financial targets, business strategy, plans and objectives for future operations, are forward-looking statements. These forward-looking statements reflect the current views of Pason with respect to future events and operating performance as of the date of this document. These forward-looking statements are subject to known and unknown risks, uncertainties, assumptions, and other factors, including those described under the heading “Risk and Uncertainty” in the Company’s filings with Canadian securities regulators, that could cause actual results to be materially different from results that are expressed or implied by such forward-looking statements.

You should not rely upon forward-looking statements as predictions of future events. Although the Company believes the expectations reflected in the forward-looking statements are reasonable, the Company cannot guarantee that the future results, levels of activity, performance or events and circumstances reflected in the forward-looking statements will be achieved or occur. Moreover, neither the Company nor any other person assumes responsibility for the accuracy and completeness of the forward-looking statements. Except to the extent required by applicable law, the Company assumes no obligation to publicly update or revise any forward-looking statements made in this document or otherwise after the date of this presentation, whether as a result of new information, future events or otherwise.

The Company’s filings with the Canadian securities regulatory authorities may be accessed through the SEDAR website (www.sedar.com) or through Pason's website (www.pason.com).

Global Reach and Market Positioning

Leading Indicators of US Drilling Activity

Long Term Global Energy Demand

in quadrillions of British thermal units

Short Term Global Crude Oil Demand

in millions of barrels per day

Hydrocarbons continue to be an important part of global demand growth for energy

US Crude Oil Production

in millions of barrels per day

US Drilled & Uncompleted Wells (DUCs)

New drilling will be required to offset declines in production and DUCs

Historical Revenue Performance

North American Land Rig Count vs. Pason Revenue

North American Revenue per Industry Day

Consolidated revenue is highly correlated to the North American land rig count, while Revenue per Industry Day has grown steadily through industry cycles

Free Cash Flow Generation

Adjusted EBITDA

in CAD millions

Free Cash Flow

in CAD millions

Significant operating leverage drives attractive margins and free cash flow during periods of increasing drilling activity

Capital Allocation

Capital Expenditures

in CAD millions

Dividends and Share Repurchases

in CAD millions

Decreasing capital intensity supports the ability to return capital to shareholders through dividends and share repurchases
