

The newest update to Pason Live Mobile delivers exciting features and a more intuitive experience. Retrieve and view reports directly in the app and stay up to date on current rig operations in real-time. Download Pason Live on your Apple or Android device today—simply visit the Apple Store or Google Play.

- 1 Biometric authentication** – Fast and secure fingerprint or facial recognition with compatible devices.
- 2 Downloadable PDF reports** – Easy retrieval of tour sheets, CMRs, and KPIs.
- 3 Fat traces** – Display minimum and maximum values over time for practical visualizations of rig activity.
- 4 Rig state** – Get real-time updates on your rig's current activity.
- 5 App deep linking** – Open report links from emails conveniently in-app, no need for an external browser.
